Money Transfer Services and Support Services are Payable Services within the meaning of these Terms and Conditions.
3. In matters not regulated in the Payment Services Terms and Conditions “Money Transfer”, the Terms and Conditions are applied.

§ 2

Concluding a contract

1. The Contract between CONOTOXIA and User is concluded upon the execution of the following conditions:
 - a. completing the registration process on the Conotoxia.com Web Portal;
 - b. acceptance of the Payment Services Terms and Conditions “Money Transfer”;
 - c. acceptance of the Currency Exchange Terms and Conditions;
 - d. positive data verification in line with the requirements of the AML Act.
2. The Contract is concluded for an indefinite period.
3. During the duration of the Contract, User has the right to demand the provision of the Contract and the information referred to in Article 27 of the Act on payment services to be made available to User on paper or another durable medium. Upon User’s consent, this information may be provided by email.
4. The main distribution channel between Conotoxia and User is email and text messages, as well as announcements on the Conotoxia.com Web Portal. In cases requiring telephone contact, User has the possibility of contacting Conotoxia via customer service available on Business Days and working hours published on the Conotoxia.com Web Portal. A description of the technical requirements for User’s hardware and software in order to use the Platform, including to enable communication between User and Conotoxia, or for User to make the notifications required by these regulations and legal regulations is contained in the Terms and Conditions.
5. User acknowledges that the use of the Cinkciarz.pl Web Portal giving access

to the Money Transfer Services and the use of these services, in particular, the submission of Payment Orders or Transfer Orders, may require the use of specific authentication procedures, including authentication of User, in cases provided for by the law.

§ 3

Payment transaction execution

1. Payment Transactions are made by electronic means.
2. A Payment Order may be made only via the Conotoxia.com Web Portal and solely by User. A Payment Order may also be submitted using the PAY Service provided by the online shops that have an agreement with Conotoxia or another authorized entity which makes the payment form available to customers for goods and services purchased in the aforementioned shops.
3. A Payment Order is executed with the funds made available to Conotoxia by User. From the moment the funds are made available for Conotoxia to execute the Payment Order until the execution of the Payment Order, the funds are protected in accordance with the legal regulations.
4. User provides funds by adding money to Wallet. Wallet is credited to the bank account indicated each time to User by Conotoxia, depending on the Currency Paid-in. User may also fund Wallet with funds coming from the currency wallet operated by Cinkciarz.pl (in accordance with the Currency Exchange Terms and Conditions) by submitting an appropriate order in the Conotoxia.com Web Portal.
5. While funding Wallet with a bank transfer, User indicates the identification number assigned during Payment Order submission in the transfer title. The crediting of Conotoxia's bank account results in recording funds in Wallet. In case of errors in the transfer title, Conotoxia is obliged to exercise due diligence in order to identify the User who owns the funds or return them to the bank account from which the transfer was made. In the case of a surplus of funds, i.e. funding Wallet with an amount that exceeds the Payment Order and fees/commission, Conotoxia returns the surplus by transferring it to User's currency wallet provided by Cinkciarz.pl in accordance with the Currency Exchange Terms and Conditions.
6. The funds paid into Wallet are not subject to interest or other use. They do not represent deposits or other payable funds within the meaning of the Banking Law Act of 29 August 1997 (Journal of Laws of 2017, article 1876 as amended).

7. Wallet is not intended for storing means of payment. Payment means paid into Wallet are solely used for the execution of User's Payment Orders and must be distributed by User on a case-by-case basis: (i) for his/her Payment Transactions, and in case of a return of funds or transfers received from third parties, (ii) according to User's decision - designated for a withdrawal to his/her own payment account held by another supplier or for a withdrawal in order to exchange the currency offered by CINKCIARZ.PL. Therefore, before the first Payment Order from Wallet, User either sets the option of a standing order, which distributes funds received from third parties to the currency wallet provided by CINKCIARZ.PL, or each time distributes funds upon receipt of the transfer. User can at any time resign from a standing order. User is always informed about pending transfers.
8. Conotoxia only executes a Payment Transaction on the basis of a received Payment Order submitted by User. Payment Transactions lacking in funds in Wallet will not be executed. The amount of funds necessary to execute Payment Transaction held in Wallet should include the value of fees and commission from Conotoxia.
9. In the case of a Payment Transaction that is ordered by User in differing Paid-out Currency and Currency Paid-in, Conotoxia executes a Currency Exchange Transaction as part of the ordered Payment Transaction. Conotoxia only converts funds into Paid-out Currencies, the list of which can be found [here](#). Currency Exchange Transaction costs are paid by User ordering Payment Transaction.
10. To submit a payment order from Wallet, User has to provide the information indicated in Payment Order form, including:
 - a. recipient's phone number or email address or the Recipient's bank account number (i.e.: NRB number - for a domestic transaction, or IBAN number - for a foreign transaction);

12. In the case of providing phone/email details without indicating the Recipient's account number, the User submits a Payment Order to Conotoxia for a fund transfer provided that Recipient consents to the collection. The consent is expressed electronically:
 - (i) in the case of "phone/email transfer" to a Recipient who is not a User - by opening a currency wallet in the Conotoxia.com Web Portal in accordance with the instructions

received from Conotoxia or (ii) in the case of “phone/email transfer” to a Recipient who is a User - by selecting the method of retrieval available on the Conotoxia.com Web Portal after logging in. The condition of collection consent does not apply to an email transfer to a Recipient who is a registered User and has set a standing order in accordance with section 6 above and if the email address to which the Payment Instruction was sent is consistent with User’s email address defined in the system. Recipient has the right to agree to receiving funds within 7 days.

13. Authorisation of the Payment Transaction by the User is made by selecting the option of confirming the Payment Order. Payment Transaction Authorisation may also apply to subsequent Payment Transactions executed on the basis of one Payment Order.
14. User is obliged to verify the accuracy of the given data before authorization. Until authorization, User may correct any mistakes found in the data using the functions available on the Conotoxia.com Web Portal.
15. If the Payment Order cannot be executed due to incorrect data provided by User or due to a lack of consent from Recipient to accept the funds, Conotoxia refuses to execute the Payment Order and the funds are returned to the User’s Wallet. Subject to the paragraph below, in such cases, the fees for the Payment Transaction are not charged and the funds returned to the Wallet will be transferred to the currency wallet operated by Cinkciarz.pl. If the Payment Order included a Currency Exchange Transaction, the funds are returned in the Paid-out Currency. Conotoxia informs about the refusal to execute the Payment Order and charges a fee for the notification in accordance with §9 item 2 of the Payment Services Terms and Conditions “Money Transfer”.
16. The detailed method of submitting Payment Orders and executing Payment Transactions is defined in the information and instructions made available to the Users on the Conotoxia.com Web Portal.
17. Conotoxia applies financial safety measures towards User, specified in the AML Act. Conotoxia may request additional documents or information necessary to comply with Conotoxia’s obligations defined in the Anti-money Laundering and Terrorism Financing Terms and Conditions. Conotoxia may also submit the request referred to in the previous statement after receiving a Payment Order.
